

Voucher

Designed by **MS Solutions**, **MSS Voucher** is a secured, simple and cost-efficient solution for operators and suppliers wishing to market their vouchers by relying on their own platform.

MSS Voucher aims to dematerialize and simplify voucher management and to virtually link operators, suppliers and merchants.

A VIRTUAL TOP-UP SOLUTION VIA POS

KEY FIGURES

8

+8 years of existence

+1000 equipped points of sale

+60 million transactions / year

ADVANTAGES

ECONOMY

Economy on logistics costs. The e-voucher replaces the repetitive distribution of scratch cards throughout the country

Security

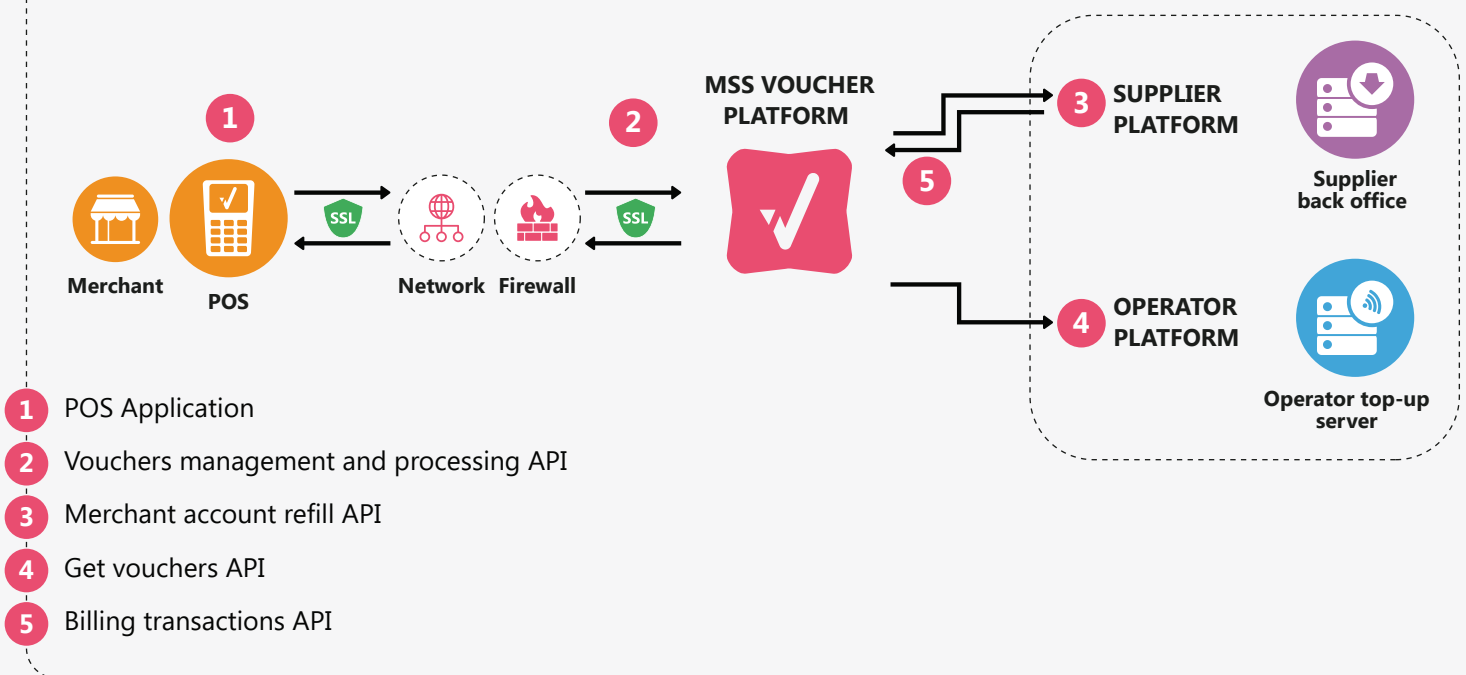

Perfectly secure platform: cryptographic module, secure connection, secure access to the database and firewall

MANAGEMENT

Improving the management and monitoring of telephone refills for operators, distributors and traders

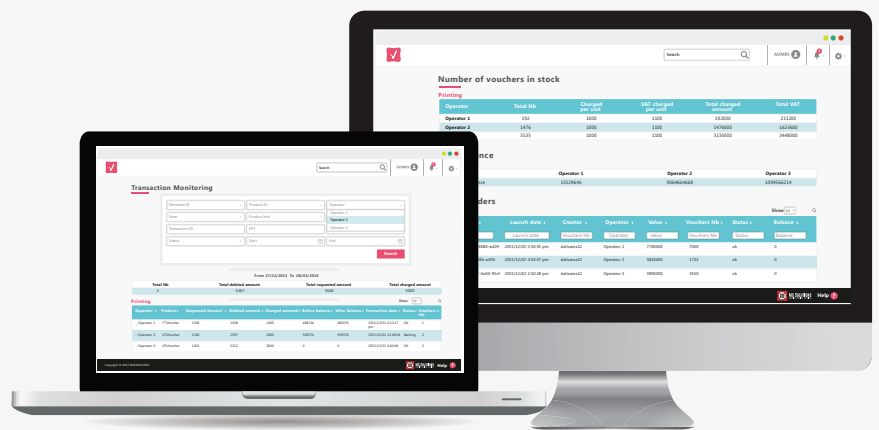

DIAGRAM

WEB PORTAL FOR MANAGEMENT AND MONITORING

A user-friendly web portal facilitates vouchers management, as well as payments and balances of affiliated vendors.
